Master of Music in Voice Performance

The program for the Master of Music in Voice Performance provides studies for the performer and teacher-scholar. The program requires a minimum of 32 semester credit hours of advanced graduate study after completion of a baccalaureate degree in music with voice as the major or principal instrument. The applicant must be sufficiently prepared to begin studies at the Music 7802 level. Deficiencies may be removed by additional preparatory course work assigned by the advisor.

The program described below is not rigid. It is intended to indicate both the nature of the course work and the usual elements for fulfilling the requirements for the M.M. degree. The student's actual course work will be designed to provide a well-rounded total program, including depth in the major area and breadth in supportive studies.

The advisor, with the assistance of the Advisory Committee, has the right and the responsibility to determine the content of each assigned advisee's program. At least 50% of the courses must be designated graduate study only (courses at the 6000-8000 level).
